County Council Answers Charges By Ratepayers

An inspection of records of the County of Parkland by the Inspection Branch of the Department of Municipal Affairs has been well aired during the past week.

The Municipal Affairs report followed a petition dated April 15th, signed by 45 county residents, and was the subject of a meeting of about 24 people in Stony Plain on the evening of Friday, August 6th. The meeting was chaired by Mr. Mort Grande of Seba Beach.

The meeting charged, among other things, a failure by some members of the county council to discharge their responsibilities in connection with expense accounts and wages for county business. Cited were two instances where double mileage appeared to have been paid for two meetings in one day when the extra mileage is claimed not to have been travelled.

The report of the Inspection Branch, however, notes that it could find no evidence of impropriety by councillors.

A regular meeting of county council was held on Monday, August 9th and the matter continued with some school committee members, news reporters and a few ratepayers present.

A report on the matter by the County of Parkland's solicitor, Mr. W. H. Hurlburt, was the principal item on the agenda. (The report is printed in full as a part of the county minutes elsewhere in this week's paper.)

After reading the report, county council unanimously approved a motion stating that where a councillor had received duplicate payment for mileage, or unauthorized wages, he should reimburse the county for the part to which he is not entitled.

Reeve Les Miller noted after the meeting that the total amount involved for the whole council would be between $100 and $200 for 1970, and less for 1969.

Mr. Hurlburt's report showed:

A resolution of council designating daily wages for councillors broke down the $30 fee into $20 wages and $10 expenses for income tax purposes only.

"... a not unusual practice," said Mr. Hurlburt.

Thus, when councillors drew $20 a day "extra expenses" when out of the county on county business, it appeared to ratepayers they were receiving double expenses.

The fact that a decision of council was never recorded made it appear that the county was paying an unauthorized extra half day's wages when they attended night meetings.

The council decision was made but not recorded through an oversight before the practice of paying the extra half day began.

Mr. Hurlburt's report explained that failure to record council's decision was an error not of substance, but one of form only, and is still legally valid.

"... it seems to me that it may be taken that during the relevant period (1970), council had provided for an additional payment of up to $15 where a meeting took place at night," he wrote.

Mr. Hurlburt's opinion regarding mileage was that a councillor should not be expected to sit in Stony Plain for number of hours waiting for a second meeting in the day, just to save the county mileage expense.

Two round trips to the same place the same day were justified, he said, as long as the miles were in fact travelled.

He suggested, and council agreed, that where two round

ANNOUNCE PLANS FOR LODGE HERE

The Honourable Harry Strom, Premier of the Province of Alberta last week announced, "A total of 350 additional single room residences will be constructed by the Government at various Senior Citizen Lodge locations throughout the province. All will be under construction by the spring of 1972."

"In addition to lodges previously announced this year from Rimbey, Lethbridge, Crowsnest, Manning and one other area", the Premier continued, "a 50-bed Senior Citizens Lodge will be build at Drayton Valley. Each of the lodges will cost approximately $450,000 with the facilities at Crowsnest and Manning being a combined Senior Citizen Lodge and Nursing Home Pilot Project Complex as visualized under the new concept of total health and social development delivery systems."

The Premier also stated, "eight lodges will receive ten-bed additions. These lodges are; Bonny Lodge at Bonnyville; Stony Creek Lodge, Camrose; Pioneer Lodge, Lloydminster; Wheatland Lodge, Strathmore; Vialta Lodge, Viking; Peter Dawson Lodge at Vulcan and the lodges in Lacombe and Taber. The additional residences will cost approximately $563,000 bringing the total amount of funds to be expended in the senior citizen lodge construction program for this year up to the $3,262,000 mark."

PIPELINE CONTRACT AWARDED

Town Council, at its regular meeting Thursday evening, awarded the contract for installation of a ten-inch water line from the river source to Patrick Pipeline Ltd. of Saskatoon.

Patrick was low bidder at $68,575. with the highest being Wissell Enterprizes of Edmonton, at $120,152. Other unsuccessful bidders were Braidnor Construction $89,352. and Borger Construction, $88,450.

The contract calls for the installation of 14,800 feet of 10-inch pipe and is expected to start within a month.

Agriculture Minister H.A. (Bud) Olson (center) and Mrs. Olson listen as Dr. S.J. Bourget (right) explains a part of the research being done on cereal and forage crop breeding. The new station at Ste. Foy, Quebec will serve the agriculture industry of Central Quebec, the Lower St. Lawrence and Lake St. Jean regions.

All Seats Vacant For Fall Election

At its regular meeting last Thursday evening, Town Council appointed Mr. W. Johanneson as Returning Officer for the municipal election in October.

Nomination Day is September 15th between 10:00 a.m. and 12:00 noon and nomination papers are now available to anyone interested. All seats on the council will be open for contest.

Voters lists have been completed and should be checked by residents. Eighteen-year olds will vote this year as will non-property owners with one-year's residence in the community. The residence clause does not apply to property owners who are entitled to vote regardless of length of residence.

COUNCIL BRIEFS

Mr. Howard Cathrea of the Drayton Valley Elks Lodge attended last Thursday evening's meeting of Town Council to discuss the announcement the same day by the Provincial Government that Drayton Valley was to be the site of a 50-bed Senior Citizen's Lodge.

Council and Mr. Cathrea engaged in a short discussion on the availability of land locations for the lodge and it was decided that the first step should be to contact the Meridian Foundation to determine procedure.

Council expressed its appreciation to Mr. Cathrea and his committee for its work in securing the lodge here and asked that the committee continue on the project. Mr. Cathrea agreed to continue.

****

Town Engineer John Arabsky reported to the meeting that water collected in the riverside pits, although substantial, did not appear to be sufficient to serve the community. Public Works Chairman, Bob Huber was not present at the meeting, but had previously expressed the opinion that it appeared likely that a direct river intake would also be required to meet the town's water needs.

Pipe for the line was reported to be in the milling process and it is expected that the project may commence within a month

Council appointed Mrs. Gladys McMorris as an additional signatory to fill in for Secretary-Treasurer Bill Johanneson who is commencing his vacation this week and leaving for a visit to the United Kingdom.

trips were paid for when only one trip was made, the committee which paid the "second" mileage should be reimbursed.

Reeve Miller noted that double mileage -- and only two instances of unjustified half day's wages -- would be of concern primarily to councillors who sit on the Stony Plain regional recreation council.

The government report, which dealt only with 1970, quoted an official of the recreation council as saying that a $15 honorarium and mileage was paid to every council member as a matter of course. No provision was made that the mileage had to be "necessarily travelled."

The situation had been corrected, said Mr. Miller -- even before the government report was petitioned -- with councillors now getting $10 instead of $15, and meal expense in lieu of mileage if the person is already in Stony Plain, thus not doubling up on mileage.

Mr. Grande was present at Monday's meeting and later stated that the matter was still not resolved to his satisfaction. He said the petition, approved at the Friday evening meeting in Stony Plain calling for resignation of councillors, would continue to be circulated and used "if necessary."

Mr. Grande suggested that information revealed "might be just the tip of the iceberg" and asked for a complete examination of expense sheets back to "day one."

Referring to the unrecorded resolution referred to in Mr. Hurlburt's report, Mr. Grande questioned whether the assumption that the unrecorded resolution, is in fact, a legal resolution, should be investigated further.

Mr. Grande also introduced a suggestion that three councillors ask for a judicial inquiry under Section 31 of the Municipal Government Act. Such an inquiry, he said, should clear the matter to all concerned.

Referring to Mr. Grande's suggestions relating to checking of all back expense sheets and the judicial inquiry. Mr. Hurlburt said, "there comes a time when it isn't worth it, when the amount of money involved is less than the cost of doing it (checking back records)." He also commented that he didn't see "any point in piling investigation upon investigation."

Reeve Less Miller was later asked to comment on a number of points raised at the unadvertised meeting in Stony Plain on August 6th.

He noted that the problem regarding county councillors expense accounts was recognized and resolved before the report by the Department of Municipal Affairs which led to the criticism expressed at the Friday night meeting.

Councillor Ivan Vowk's expenses were pointed out at the meeting and Reeve Miller noted they would naturally be higher inasmuch as Councillors Vowk and Zander travel the farthest distance to attend the Stony Plain meetings. Mr. Vowk's home is about 75 miles from the county office, and Mr. Zander's 50 miles.

He felt that criticism of Councillor Vowk was unjustified and noted that he attended faithfully every meeting that was required of him regardless of weather and road conditions.

The meeting raised the point that "the county hires experts in various departments who are then supervised by councillors." Not so, said Mr. Miller, and added that actual supervision is by department heads with councillor's work largely concerned with administration involving ratepayers in various diversions.

"Salesmen's day," when County Council meets to interview salesmen, was criticised at the meeting which suggested that this work should be handled by a county purchasing agent.

Minor purchases, are in fact, handled by a staff member Mr. Miller said, but major purchases required a decision by council, hence the "Salesmen's day" once a month when all this type of business is conducted rather than interrupting regular meetings to interview salesmen.

More License Suspensions

Hon. Gordon Taylor, Alberta Minister of Highways and Transport, announces that 132 persons reached 15 or more demerit points during the month of July and their licences were consequently suspended for a period of one month. This brings the one-month suspensions under the Demerit System for 1971 to 635. During this same period 6,633 Courtesy Notices have been mailed out indicating that this number of drivers has passed the 8 demerit point mark and were urged to drive with care and attention.

"Less than 10% of the persons who have gone beyond the 8 demerit points have proceeded to the 15 demerit points deadline and have consequently been suspended; this indicates that the Demerit System is having a very vitally important effect on the attitude of our drivers", Gordon Taylor said.

During the month of July, seven persons were suspended for three months, having reached 15 demerit points a second time; this brings to 16 the number of persons who have been suspended a second time and for a period of three months.

A third suspension under the Demerit System carries with it a six-month suspension.

Biologists Express Concern For Future

Last week a group of concemed and adament professional biologists met behind closed doors in Edmonton. Their concem centers around the present state and future management the province's natural resources.

They directed the following questions to candidates of all political parties running in the present provincial election:

* Can you morally or socially justify strip mining of coal within sight of our National Parks?

* Do you believe that the resource industries attempting to renew their provincial royalty agreements in 1972 should be forced to pay for the damages to the environment as part of these agreements?

* Are you concerned enough about the future of the parks and natural sanctuaries of this province to prevent any commercial damage to these areas even when pressed by the resource based industries?

* To what extent do you intend to rest your political future on the proper management of our natural resources for the benefit of all Albertans?

Spokesmen for the biologists urged the public to seek answers to these and similar questions from their local candidates and cast their vote according to the answers received.

Editorial Comment

Progress Is Great, But Let's Save Something for Tomorrow

A group of Edmonton biologists has expressed concern about the present state and future management of the province's natural resources. They ask a number of pointed questions of all candidates seeking election on August 30th.

During this Christmasey month, while politicians play giveaway with our money, it might pay residents of this area to follow the lead of the biologists and ask a few questions about a major natural resource very close to home.

The resource is the reservoir above the Brazeau Dam which might have been a tremendous recreational asset for all Albertans to enjoy, but is instead, an appalling mess. How any government could permit industry to perpetrate this rape of a potential recreational area is inconceivable.

Instead of a large sparkling body of water, available for fishing, boating, camping and summer homes, we have a weird, almost unbelievable scene -- millions of dead trees standing in, or poking their upper branches through the surface of an eerie lake.

We might have enjoyed a prime vacation attraction at the dam with the accompanying economic boost for Lodgepole and Drayton Valley -- unstead we have a scene that depresses rather than exhilarates.

We don't understand why this method of creating a reservoir was even considered, much less permitted.

Don't buy the answer that the dam is in a green or wild area and not available for recreational purposes. If it's available to industry, it should also be available to you. And even if it was never to be permitted for recreational use is not sufficient excuse for allowing the natural setting to be altered in this way.

Bear in mind when you listen to the silver-tongued orator, or attend a political forum, that this is YOUR province. -- The people you put in office are expected to manage it the way YOU want it run!

It's probably too late for the Brazeau situation -- although it could be argued that those who created the mess should rectify it regardless of cost -- but let's make sure it never happens again. Especially with another man-made lake scheduled for this area on the Pembina River in the near future.

Premier Strom Visits Town

Premier Harry Strom was a Drayton Valley visitor last Thursday afternoon and met many town and area residents at an open house at Social Credit headquarter.

Mr. Strom's visit was part of a gruelling tour of the north western part of the province. In the same day he visited Jasper, Hinton Grande Cache and Edson before his Drayton Valley stop. He and Socred candidate Tom Johnson met and visited with residents during the supper break.

A highlight of the premier's visit was his presentation of a certificate of incorporation of the Town of Drayton Valley to Mayor Lloyd Mclean. Mr. Johnson announced to the gathering the news that Drayton Valley had been selected as the site of a 50-bed senior citizens lodge.

Mr. Strom's day did not end at Drayton Valley, and his motorcade left here to visit Warburg and Devon before returning to Edmonton.

NEVER NEVER NEVER
SMOKE IN BED

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

As the August 30 election campaign reaches its crucial stage, neither major party appears likely to abandon its low-key style.

Since Premier Harry Strom dissolved the Legislature and set both himself and Conservative leader Peter Lougheed off on thousands of miles of travelling, the election scene has been unexciting.

Nobody seems to want to debate with anybody, and spokesmen for both parties frankly admit they don't want to do anything to damage their carefully-created images before polling day.

The quiet campaign is a reflection of their free enterprise ideology - and currently popular public relations theories which stress the art of a winning campaign smile ahead of rhetorical skills.

Residents of smaller centres still attend campaign forums in respectable numbers. But the rough-and-tumble of political debate is regrettably absent from urban constituencies.

Nowhere do the party leaders remove their gloves and slug it out with hecklers and each other. Instead, mainstreeting is in vogue and door-knocking blitzes dominate campaign strategy.

The image-makers for Mr. Strom and Mr. Lougheed accentuate the "nice-guy" personalities of both men -- and there's no denying both are more effective in personal conversation than they are in front of a massive crowd.

When the Peter Lougheed caravan pulls in to a small town, the streets are often deserted until he steps out of his air-conditioned bus with the local candidate and his workers in tow.

The party then moves off down the street into stores, restaurants and any other public building to shake every head in sight. The whirlwind tour usually hits every business in town, and within 15 minutes the campaign bus is moving on to the next stop.

Premier Strom visits fewer communities than does his Tory foe, but spends more time talking to the people he meets. This is a deliberate move by the Social Credit leader to exhibit his prowess at face-to-face campaigning.

New Democratic party leader Grant Notley has too little time to tour the province -- he's trying to gain a seat in the Legislature as a first priority. To reach the people, he makes twice-weekly flights from his northern constituency to hold press conferences in Calgary and Edmonton and spread the word by news release.

The generally torrid August weather has moved the campaign out of doors and into riverside parks where local supporters are grouped on lawn chairs and blankets.

Political leaders are eager to comply with the crowd's wishes to get home early, so the speeches are always short and airy.

INSPECTED SLAUGHTER: Week ending August 7, 1971
BEEF - Canada 51,121 Alberta 18,440
HOGS - Canada 168,498 Alberta 33,121

SUMMARY:
Receipts of cattle and calves were sharply higher this week partly on account of increased offerings of stock cattle. Offerings were approximately 60% replacement classes, with slaughter steers, heifers and cows accounting for most of the remaining sales. Trade was generally active throughout. Slaughter steers sold steady for the week. Butcher heifers firmer to 25 higher for better butcher kinds. Good and medium cows 50-1.00 higher. Bulls 50 Lower. Veal steady.

SLAUGHTER CATTLE AND CALVES
Slaughter steers sold steady to a rather selective trade. Choice handy weights (1000-1100) ranged from 31.25 to 32.00, while lighter weights under 1000# continue slow under discounts of 50-1.00 per cwt. Choice butcher heifers were moving a little freer at slightly firmer prices for good conditioned kinds. There were sales 28.00 for fancy kinds most days. Volume of light butcher weight heifers on offer appears to be easing slightly. Good and medium dry fed cows saw the most action at prices advancing 50-1.00 higher with the odd sale over 22.50 in the closing rounds. Bulls generally 50 lower with very few top quality on offer. Veal and butcher calves unchanged.

REPLACEMENT CATTLE AND CALVES
There was good action this week on feeder yearling steers (700-850#) at prices 50-1.00 higher for top quality kinds. Fleshy shortkeep kinds were also selling well up in quotations. Replacement heifers were generally steady. Stock calves were in good demand at steady prices for all classes. Light weights under 300# selling (5-10) above quotations.

SHIPMENTS:
Last week's out of Province shipments off the Edmonton Public Stockyards were: East, 95 slaughter; West to B.C., 31 slaughter; Feeders to central and southern Alberta areas, 1,165 cattle and calves.

CLOSING QUOTATIONS
SLAUGHTER CATTLE:
Steers: Choice 31.25-32, good 30.50-31.25, medium 26.50-28. Heifers: Choice 27-27.75, odd sale higher, good 26-27, medium 25-26. Cows: Good 21.50-22.50, odd sale higher, medium 20-21.50, canners and cutters 17-20, shells 15-17. Bulls: Good 25-26.50.

REPLACEMENT CATTLE AND CALVES:
Good feeder steers (575-750 lbs.) 34-37, (750 lbs. and up) 31-34, common to medium 28-32. Good feeder heifers (575 lbs. and up) 28-32, common to medium 24-27 Stock cows 20-24. Good stock steer calves (300-400 lbs.) 40-46, (400-550 lbs.) 35-40, common to medium 30-38. Good stock heifer calves (300-550 lbs.) 30-38, according to weight, common to medium 28-32.

SLAUGHTER CALVES:
Good choice veal (300 lbs. and under) 40-44. Good to choice butcher calves (300-450 lbs.) 35-40, (450 lbs. and up) 26-32.

HOGS:
Edmonton Stockyard (E.S.Y.) butcher hogs sold unevenly early in the week to close $2.00 higher at prices ranging from 21.25 Monday to 23.50 Thursday (base price). Sows 13.70-13.85 dr. wt. Boars closed $1.00 higher at $8.25 cwt. and down, depending on weight and quality. 850 feeder hogs sold Tuesday and Thursday afternoon ranging from $14.50 cwt. to $16. cwt. for (90-150#) feeders. Weaners and light feeders sold by the head from $7.00 ea. for light weaners to $13.25 ea. for 80# feeders.

SHEEP AND LAMBS:
Butcher lambs opened steady selling to 26.00 cwt. for choice and good kinds. Closing sales were 50 lower at 25.50 cwt.

Storm Tops Heavily Seeded Over Breton in Project Experiment

As often happens in early August, the major hail activity moved north last week with several severe storms reported in the region west and north of Edmonton. On nearly every day during the week, isolated thunderstorms built up in the foothills somewhere between Rocky Mountain House and the Peace River country and then drifted east. On Tuesday evening one cell became very intense as it passed through the Morinville area causing severe crop and property damage.

The hot, very humid week ended on Saturday evening as a weak cold front came in from the northwest. This front triggered several very intense storms which could be picked up as far away as 170 miles from the Alberta Hail Studies radar and Penhold. The most severe storm hit the Whitecourt area between 5:00 and 6:00 p.m., causing extensive property damage in the town and heavy crop losses to the east.

Another storm produced a small tornado at Lake Wabaman which ripped the roof off one cottage and uprooted several large trees.

The southernmost storm of the day formed south of Edson and moved due east passing just south of Drayton Valley at 7:00 p.m. over the north end of Pigeon Lake and died out near Millet at 9:00 p.m. This storm was observed in detail by Alberta Hail Studies and was heavily seeded just west of Breton. At this time the storm tops were up to 50,000 feet - about as high as they ever go in Alberta and was producing hail up to golfball size and larger.

The T-33 seeding aircraft dropped a total of 80 silver iodide flares into the storm over a half hour period. A preliminary analysis indicates that the storm weakened considerably, and then after the seeding was stopped it picked up in intensity again with hail up to 2 inches in diameter reported southeast of Breton.

As the storm passed over Pigeon Lake it began to weaken and then finally petered out east of Millet. No widespread damage was reported in this storm although a few farmers have reported up to 80% losses.

All four of the sampling trucks got into the storm and several of the fixed sampling stations collected rain and hail. The silver analysis of the precipitation will be the real key in evaluating the efforts of seeding on this storm.

The mobile cloud photography was positioned at Rimby and obtained an excellent sequence over a period of one and one half hours as the storm passed 25 miles to the north.

This was the best documented experiment of the summer and when the detailed analysis of all the data is completed should go a long way towards answering the question - can hail be suppressed by this particular method.

P.C. Leader Visits Town

Progressive Conservative headquarters in the curling rink was a busy place August 10th when Peter Lougheed, Alberta P.C. leader visited the community. Although he and his party were only in Drayton Valley for approximately one hour and fifteen minutes, a lot of territory was covered and many people met Mr. Lougheed.

Mr. Lougheed visited during lunch hour and meals were provided so that residents could meet the leader during the noon hour. Mr. Lougheed was introduced to all present.

In a short speech he dwelt particularly with the future of smaller Alberta communities. He said he would be unhappy to see the 1980's arrive if it meant two sprawling major cities surrounded by stagnating small towns

His government, he said, would give incentives for the development of small communities.

Mr. Lougheed was accompanied by Drayton Valley P.C. candidate, Rusty Zander and Mr. Peter Trynchy, candidate in Whitecourt.

After leaving campaign headquarters, Mr. Lougheed visited up up and down main street and had a brief oilfield tour of Mobil Oil, Amoco and Meraw and Magee Well Services before the caravan departed for Whitecourt and other northern points.

"A" WATER BOATMAN —
Aquatic bugs about half-an-inch long, body slightly flattened. Hind legs long, slender and flattened for swimming, are held at sharp angle to the body, resembling oars of a small boat. Boatmen feed on small organisms on mud bottoms of marshes and ponds. Often gathering in large numbers, their bodies, surrounded by air bubbles glisten like quicksilver as they move about. They can fly well.

"B" WATER STRIDER —
Long legged and slender this semi-aquatic insect is able to skim and dart about on the surface of the water. Food is aquatic organisms and tiny insects, taken on or just beneath the surface. The largest water striders will measure slightly over half-an-inch in body-length.

Drayton Valley Girls Attend W.I. Convention

Almost one hundred W.I. girls and their supervisors attended Club week at Olds College, July 5 to 9th. The theme of this year's convention was "Face The Challenges of Tomorrow With Courage and Confidence".

This 53rd annual convention was under the direction of Mrs. Margaret Harrop A.W.I.G.C. of Peace River. Assisting her were Mrs. Marie Plaizer, replacing Mrs. Ann Woods, who was unable to be present. Miss Sheila McNaughton A.W.I.G.C. President a member of the Bancroft Buttercup Club, did a fine job of managing the convention details.

Girls attended classes in: Grooming and Poise, by Mrs. Richmond, Home Economics; Horticulture, by College Instructors; and Handicrafts, by a number of Supervisors.

They took part in a formal tea and fashion show, attended a banquet with Mrs. Morrisroe as guest speaker, which was followed by an Amateur Night in which all clubs participated. One evening was set aside for films which were shown by the A.M.A. on Safe Driving and Bicycle Safety.

Public Speaking was a keen competition with a long list of capable young speakers.

Attending from this area were girls from Drayton Valley Hummingbirds Club, Christine Mezzp, Avalie Peck and Dale Ellen Cartwright accompanied by Mrs. M. Dunnington their acting Supervisor.

M & R Representative Going to Indonesia

Mr. Fred Bauman of M & R Trucking Ltd. of Drayton Valley has accepted a proposal from Peter Bawden Drilling International Ltd. to serve as Transportation Manager for three months in Indonesia.

They are to train the native people how to drive and service the large oilfield trucks as well as setting up the two large drilling rigs that are on the way by ship from Vancouver.

At this time it is undecided whether Fred Bauman or Dennis Manning goes. Whoever does, it should be an experience and opportunity of a lifetime.

The plane is scheduled to leave Edmonton on the 25th of August with a brief stop in Vancouver, a one day stop-over in Hong Kong, a one day stop in Singapore, and then on to Tjarkarta, Indonesia. Near the end of the contract a tour of Australia is scheduled.

Baseball Sponsorship Excellent, Early Weather Uncooperative

The Drayton Valley Athletic Association wishes to express its thanks to the local companies and business concerns for their kind sponsorship of baseball teams during the past season. This was a revival year for baseball in Drayton Valley possibly not so much in program but certainly in equipment and supplies. No significant amount of baseball uniforms, equipment nor supplies were purchased during the past decade. The year 1971 was the year of decision as far as Minor baseball was concerned and the Athletic Association decided to carry on the program and make the necessary purchases and requirements to meet the demand.

The Association approached the different companies and business people in town for sponsorship of the different teams taking part in the program. A total of thirteen teams were sponsored. This number included one Midget, two Bantam, four Beaver and six Mosquito teams. The total cost of the overall sponsorship of all thirteen teams was $1,595.07. Starting with the bigger teams the sponsorship was as follows:

Midget: (14 - 16 years) colors white, black and gold with crest. Sponsor - Gooding & Matt Construction Ltd.

Bantam: (12 - 14 years) colors white and blue with crest. Sponsor - M & R Trucking.

Bantam: (14 - 14 years) colors gray with black trim with crest. Sponsor - Drayton Valley Lions Club.

Beaver: (10 - 12 years) colors, gray with gold and black trim with crest. Sponsor - Dial Oilfield Service Ltd.

Beaver: (10 - 12 years) colors, gold with red trim with crest. Sponsor: Stedman's Store of Drayton Valley.

Beaver: (10 - 12 years) Colors, red with black trim with crest. Sponsor - Blocks Store.

Beaver: (10 - 12 years) colors, white with red trim with crest. Sponsor - Coin Electric Home Centre.

Mosquito: (6 - 9 years) colors, white jersey with crest. Sponsor Drayton Valley Hotel Cafe.

Mosquito: (6 - 9) colors, maroon jersey with crest. Sponsor - Rexall Drugs.

Mosquito: (6 - 9 years) colors, navy blue jersey with crest. Sponsor - Northern Video Sales.

Mosquito: (6 - 9 years) colors, yellow jersey with crest. Sponsor - The Hudson Bay Company.

Mosquito: (6 - 9 years) colors, purple jersey with crest. Sponsor - B.P.O. Elks.

Mosquito: (6 - 9 years) colors, green jersey with crest. Sponsor - Bill's Service.

The Athletic Association purchased the required equipment, balls, bats, catcher's paraphenelia as well as that used by umpires. The total cost to the Association was $1,406.80. The total amount spent on the Drayton Valley Minor Baseball program including uniforms and equipment reached $3,001.87 for 1971.

Equipment and supplies for the Drayton Valley Minor baseball program were made available and an excellent program was planned. Teams at the different age levels were formed, leagues were drawn up and schedules were set to carry out the proposed program. Problems developed, however, and shadowed proceedings. First of all, we had the rainiest June in many years and consequently scarcely half of the scheduled games in any given league were played. Secondly, delivery dates of the newly ordered uniforms were not kept and the season in most cases was over prior to receiving the team uniforms. While this delay did not hold up the schedule, it did delay the progress of the program and caused all kinds of internal problems. As of August 1st all the supplies ordered late in April had not been received which has created a very unsatisfactory situation. Eventually we hope that all the ordered uniforms and supplies will be received and the Athletic Association can look forward to the 1972 Minor baseball season with a full house as far as uniforms, equipment and supplies are concerned.

In closing it may be well to take a look at the aims and objectives of the Drayton Valley Athletic Association. That is to coordinate Minor athletics, to raise funds and obtain leadership as well as promote leadership training for the same. The Athletic Association has no ties whatsoever with the Drayton Valley Recreation Board and has no access to the Town Recreation Budget. All activities promoted by the Association are paid for through the efforts of that body by soliciting sponsorships, donations and raising money through other types of promotion. Once again, a sincere thank you to all the sponsors of D.V.A.A. baseball teams. Without those sponsorships and others like them the Minor Athletic program in Drayton Valley would not be the one we have experienced over the years.

Paving to Start Again

Unfavorable weather in the early part of the summer put an end to the town's paving program, which is expected to resume this week.

At last week's meeting of Town Council, it was reported that Border Paving had moved to Hinton when unable to continue the Drayton Valley project that started quite early in the spring. The Hinton project was expected to finish at the week end and the crew returned to Drayton Valley on Monday of this week.

Town Engineer John Arabsky said that with favorable weather the paving program should be completed by the end of the month.

Council Meets At Entwistle

The regular meeting of the Entwistle Village Council was held Monday evening August 9.

New business included the consideration of a by-law to eliminate the preparation and use of the List of Electors in future village elections. This by-law passed first and second reading and will be considered further at the next regular meeting.

Also Land Sale By-Law #54 for the sale of Lots 27 and 28 Block 8 Plan 747IV was given first and second reading and passed.

Council by resolution eliminated the twelve dollar water and sewer deposit for all except renters and increased the amount of the deposit to fifty dollars for mobile homes renting parking lots within the village. The deposits to be refundable upon departure providing all acounts due to the village are paid.

A resolution to make a charge of five dollars for turning off water where accounts have become delinquent was considered and passed.

A motion approving the additional requisition required by the Drayton Valley Hospital Board for the purchase of Radiological equipment was passed.

Mrs. Margory Campbell was appointed Returning Officer for the fall election.

Recreation Board appointments were considered and three new members will be taking up their duties September 1st.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:
I am writing regarding my fifteen year-old daughter. She is over a month pregnant. This boy is only 16 years old. We know they are too young to get married. He is working but doesn't make enough money to keep a family. I was wondering if you know of any place where she could go and still continue with her schooling next fall. She is a good student and will be in Grade XI in September. Or should we keep her at home and have her take correspondence courses. We want to do what's best for her.

Dear Concemed Mother:
It is good to hear that your daughter is not thinking of marriage, under these circumstances; and that you, as parents, are not pushing for wedlock. So many parents do when this situation arises. There are government-sponsored "homes" for teen-agers confronted with this problem. If you live within the bounds of a City, contact the Social Development Officer at City Hall. Should you live in a rural area, then seek an appointment with the nearest Social Development Office of the Provincial Government and work out the details with a social worker on staff. Your daughter will be able to continue her schooling under these conditions and will have expert counselling as well, arranged through the staff. You should hesitate keeping your daughter home. If there are other children there is the embarrassment to her of explaining the day-to-day problems of pregnancy. What is more social contact with neighbors, relatives, and friends is often difficult, especially in rural situations. Moreover, it isn't possible to get the expert help available to your daughter where she is living with other girls in like circumstance and sharing the same problems and tensions.

My husband and I have been married 20 years with five children. My problem is that my husband pouts. This leads to further problems some of which are my own. I do not handle the situation properly. I used to always do the apologizing and now I don't. So he feels many times that he is no longer loved. Sometimes, I become very short-tempered over this. He pouts at times for from four days to a week. There must be a better way for myself to handle this, if I only knew how. He is an educated man.

Dear Wife:
In the first place, remember that you can't do it all. Pouting is a sign of immaturity. One of the mistakes we make in this 20th century is to mistake education for personal maturity. Education is like the tools in a carpenter's tool kit. What he does with those tools depends on his skill, but more important still what kinds of relationships he maintains with those whom he works and lives. Your husband has grown up mentally, and physically, but emotionally he is like a very small, selfish young boy. Don't apologize when you know very well that this kind of behaviour simply does not belong to manhood and womanhood. But also, keep saying that there is no doubt about your true love for your husband. Point out, that this kind of pouting behaviour is likely to eventually destroy your true love for him, so he hasn't got the rest of your natural lives to get over this kind of behaviour. Pouting is looking to myself as the center of life. Help him look out from himself and to what he is doing to you and inevitably, the children. Cool off, emotionally, before you speak this way, but don't ignore or drop the subject. Ask him to read a book like "Letters to Philip" by Charlie W. Shedd. If matters grow worse, seek out counselling help.

Summary Regular Meeting
Parkland County Council

Minutes of regular meeting of the Council of the County of Parkland No. 31, held in the county office at Stony Plain, Alberta on Monday, August 9. Minutes as recorded by secretary and not yet adopted.

Members present were Reeve Leslie N. Miller, Councillors Peter Bakker, George Mann and Ivan Vowk.

The minutes of the last regular meeting, a copy of which was forwarded to each Councillor, were adopted.

By-law No. L-12-71 providing for the leasing of lot R, Block 1, Plan 4185R.S. (Park Reserve) in the NE 30-52-26-4 to Mr. Roy Millham of Winterburn for one year for the sum of $25.00 received first, second, and by unanimous consent of the Councillors present a third reading and finally passed.

By-law No. 25-71 authorizing the Assessor to use the assessed values of taxable lands and improvements in 1971 as the assessed values of lands and improvements for taxation purposes in 1972 received first, second, and by unanimous consent of the Councillors present a third reading and finally passed.

Letter dated July 28, 1971 from Mr. H. M. Liknaitzky, Solicitor, was presented to Council advising that court costs with respect to the Inland Cement Co. Ltd. assessment appeal amount to $2,490.50.

It was agreed that these costs be paid.

Request for construction of the road between sections 22 and 23-51-7-5 was received from Mr. Herman Goller of Westlock. Letter dated July 29, 1971 from the above named was read to Council requesting construction of the road between sections 22 and 23-51-7-5. This request was referred to Councillor Zander for inspection and recommendation.

REQUEST FOR ADDITIONAL REQUISITION

Letter dated July 22, 1971 from the Drayton Valley Municipal Hospital and total requisition for the amount of $26,000.00 was presented to Council. This amount of requisition is for the purpose of bringing the Radiological Equipment in the hospital up to date. The County's share of this requisition is $15,475.20.

It was agreed that this requisition be accepted and the Alberta Hospital Services Commission be advised to this regard.

Statement of impounding of one bay mare in the Pound kept on the SW 9-53-2-5 was presented to Council. No damages were claimed by the impounder and poundkeeper's fees of $21.50 were paid by the owner and the horse redeemed.

The statement of impounding was accepted and poundkeeper's fees authorized to be paid.

By-law No. 26-71 prohibiting the discharging of guns and other firearms in a designated area of the County received first, second, and by unanimous consent of the Councillors present a third reading and finally passed.

Letter dated July 15, 1971 from Mr. S. Burry of Fallis was presented to Council requesting clarification of the work done on Pt. SW 24-53-5-5 insofar as future telephone cable on this property will be affected.

It was agreed that this matter be referred to the Public Works Manager to establish the set-back of the existing telephone line and location of the work done by the County, in relation to the boundary line of the property.

Councillor Robert A.Bailey arrived at the meeting at this time.

Application to lease the road allowance between Blocks 4 and 5, Plan 3373R.S. in the SW 31-51-26-4 was received from Mr. F. D. Monson of Edmonton. It was agreed that this application be not accepted as the road allowance is required for access to Block 4.

PROGRESS PAYMENT No. 3 COUNTY OFFICE ADDITION

Progress requisition No. 3 for construction of the County Office addition for the amount of $26,047.40 was approved for payment.

The meeting adjourned for lunch at 12:00 noon and reconvened at 1:30 p.m. All members of the Council including Councillor Rudolph Zander, except Councillor Lent, were present at the meeting.

REPORT OF INVESTIGATION DEPARTMENT OF MUNICIPAL AFFAIRS

Letter dated July 30th, 1971 from Messrs. Hurlburt, Reynolds, Stevenson & Agrios, County Solicitors, which gives the Solicitor's comments and recommendations with respect to the County's administration, was being considered at this time.

Present at the meeting for the discussion of this report were the following: Mr. W. H. Hurlburt, Q. C., County Solicitor; Mrs. A. C. Kritzinger, School Committee Member; Mr. A. W. Boychuk, Assistant Secretary-Treasurer; News Reporters, Mr. Walter Mandick, Stony Plain Reporter and Mr. Alex MacDonald, Edmonton Journal; Messrs. H.M. Grande, W. Fielhaber, E. Trautman and G. Martin, ratepayers.

The following is the report dated July 30th, 1971 from Mr. W. H. Hurlburt, County Solicitor:

County of Parkland No. 31,
Stony Plain, Alberta.

Attention: Reeve L. N. Miller.

Dear Sirs:

Re: Report of Investigation - Department of Municipal Affairs

I acknowledge receipt of Mr. Schuster's letter of July 16th, 1971 in which he said: "I was instructed by Council to refer this report to you for review and comment insofar as the interests of the County are concerned with matters pertaining to the report."

I should commence by saying that with regard to the item "Sale of Land" and the item RE: E ½ 30-53-2-5", I do not see anything that requires comment.

Other matters dealt with do appear to require some comment. I am not entirely sure just how broad an area the comment should cover, but it seems to me that the following matters are raised:

1. Whether there has been a duplication of mileage reimbursement, and the consequences thereof.

2. Whether there has been a duplication of payment of honorarium for attendance at meetings of the Recreation Board.

3. Whether there has been duplication of payment by reason of claims for 1 ½ days or more, wages and expenses or extra expenses and allowances in addition to the regular wages and expenses.

5. Whether Councillor Vowk was paid twice for meetings of the Health Unit Board.

It seems to me that most of the specific statements made in the report are involved in these questions. Needless to say, if there are any other questions I should be pleased to deal with them.

The report gives some reason to think that the County, or some of the Councillors, may have run afoul of some legal technicalities. I should therefore commence by outlining the basic legal position.

Municipal councils are in the traditional position of "Caesar's Wife." Everything they do is subject to scrutiny and must conform to the highest standards of conduct, both in appearance and in substance. It is an example of this proposition that the law is that money can be paid to councillors only under very specific statutory authority. If the authority is not there or is not properly exercised, then, though a councillor may have acted in the best of faith and in the belief that an existing practice was proper, the money was in law paid without authority and must be repaid.

The most important statutory provisions are the following sections from Municipal Government Act:

"47.(2) A council may provide for the payment to the members of the council such remuneration, either annual or otherwise, for attending the meetings of the council and the committees thereof or for assuming or performing any additional duties.

(3) A council may provide for the payment of reasonable allowances for travelling, and for subsistence and out-of-pocket expenses incurred in attending meetings affecting the municipality, which shall be paid to members in the manner and at the rates provided by the resolution."

"146. The council may pay for or towards the reception or entertainment of guests, travelling or other expenses incurred in respect of matters pertaining to or affecting the interests of the municipality or the celebration of events or matters of national interest or importance."

You will note that Sections 47(3) and 146 restrict themselves to expenses while Section 47(2) provides for remuneration.

There are similar provisions in the School Act.

With this brief background, I will deal with the questions mentioned above.

1. Whether there has been a duplication of mileage reimbursement, and the consequences thereof;

Section 47(3) provides for payment of mileage, and the resolution of January 12th, 1970 quoted on the first page of the report appears to cover this. The payments are only to be for all miles necessarily travelled. I should think that any other body paying mileage would be paying only for miles travelled for that body, no matter how the authority was couched. Therefore, if any councillor has received a mileage payment from the County, and if he has also received a mileage payment from another body for travelling the same miles, then I would have to say that, however much the councillor thought that the prevailing practice justified the payment, there would be a payment without authority which should be refunded.

I do not of course know whether such duplicate payments have been received, but there seems to be at least a strong implication that this has happened on some occasions. I think that it would be fair enough to ask each councillor in each case from the Departmental report which raises the possibility of duplication, either to refund one of the duplicate payments or to certify that both sets of miles were actually travelled.

There are two opposite objections which may be raised to this procedure.

The first is that this procedure involves reliance upon the word of the councillors. It seems to me, however, that this is appropriate. There is no reason to doubt that each councillor thought himself entitled to the money received; and there is no reason to think that any councillor would likely to depart from his duty by reason of a few dollars for mileage. Now that it is brought to the attention of Council that a double payment cannot be accepted in accordance with law, the councillor or councillors will be very careful to be right.

The opposite objection would be that the councillors have already accepted the payment and should be taken to assert its correctness and therefore should not be asked to repeat the assertion. The answer to this is that it appears likely that there was a wrong opinion as to what could be done, and it is not out of the way to ask councillors to make a further statement when the correct procedure has been brought to their attention.

There could be a somewhat difficult question as to which amount should be repaid. It seems to me that as a practical matter, it would be best to take it that the mileage payment was made for the first meeting which was attended on a particular day and that the refund would therefore be made to the body which paid for the second meeting. There could be objections to this proposition, but it seems to me that it is about the best available.

I should perhaps say that if a councillor did attend a meeting, and then returned home, and then came back for a meeting on the same day, I think that he is entitled to mileage covering all trips. I do not think that he should, in order to save the County a mileage payment, stay for a period of time at a place where be is not needed. Some argument could be made on the basis of the words "necessarily travelled", but it seems to me that the travel in each instance would be necessary because he was a council-

lor, and it does not seem to me that the County should be concerned so long as the travel actually took place and that in each instance it was to carry out the duties of the councillor within the area covered by Section 47(3). No doubt an example could be worked out which would carry this proposition to the point of unreason; but I think that the general proposition should be that a mileage allowance is intended to protect a councillor from loss by reason of travel undertaken by reason of the fact that he is a councillor.

2. Whether there has been a duplication of payment of honorarium for attendance at meetings of the Recreation Board.

3. Whether there has been duplication of payment by reason of claims for 1 ½ days or more, wages and expenses or extra expenses and allowances in addition to the regular wages and expenses.

The resolution of January 12th, 1970 allowed "wages" of $20.00 per day and "expenses" of $10.00 per day. The first written record quoted in the report as to an extra payment for an evening meeting appears from the report to have been a resolution passed on March 23rd, 1971.

I understand from Reeve Miller that prior to the commencement of the practice of paying an additional half day when an evening meeting is involved there was a discussion at a Council meeting and there was agreement by the councillors present that a payment of an additional $15.00 should be available in proper cases. I understand that the discussion arose out of the very onerous evening obligations of the School Committee during negotiations of salaries with the teaching staff, but was of general application. I understand further from Reeve Miller that he was of the view that the discussion had reached what was not least in substance a resolution. There is, however, no resolution recorded.

This situation gives me trouble.

It will be remembered that under Section 47(2) and (3) Council "may provide" for the payments in question. Under Section 104(2) a council "may exercise and perform the powers and duties imposed or conferred on it either by resolution or by by-law." Under Section 55(a) the Municipal Secretary is obliged to record in the Minute Book all resolutions, decisions and other proceedings of the council.

If follows that there has been an omission. Either the agreement of Council did not reach the form usually involved in a resolution, or it was not properly brought to the attention of the Secretary that it had taken that form or the Secretary omitted to make the appropriate note and record the resolution. Clearly something was overlooked.

As a solicitor, I have to say that every resolution of Council should be recorded. This is what the Act says, and this is what the law generally says and good practice requires. The omission creates a most unfortunate appearance.

The question is what consequences flow from the fact of the omission.

Everyone involved appears to have acted on the basis that there was a resolution. Cheques were issued and signed on that basis, and were received on that basis. The question appears to narrow itself down to a technical failure in procedure, and to the effect which a technical failure in procedure can have.

I think that in this instance, it is best to consider what would happen if I were to advise the County to take legal proceedings to recover some of the money paid, since what will happen in Court is the ultimate test.

The evidence would be that there was a discussion and that there was an agreement; that councillors thereupon commenced to submit accounts on that basis; that those accounts were then paid on that basis by cheques signed by the appropriate signing officers; and that all this was done in the normal flow of County business.

It seems to me that a judge on hearing this evidence would summarily dismiss any such proceeding, holding that the failure to record a resolution is a matter of form only and not one of substance.

There seems to be surprisingly little authority on the point. What I think would be the judical tendency, however, is illustrated by a decision of the Court of Appeal of England this year to the effect that the intention of a municipal authority can be ascertained from any relevant evidence and is not confined to a formal resolution expressing its intention, and that evidence of witnesses can be heard as to what the intention was. This is not quite on point, but as I say I think it indicates the likely tendency of the Court.

Assuming therefore that the recollection of the other councillors is in accordance with that of Reeve Miller, it seems to me that it may be taken that during the relevant period Council had provided for an additional payment of up to $15.00 where a meeting took place in the evening.

This leaves a question open in any case where a payment was made under the Council resolution and a payment received from another source for a meeting during the day, as differentiated from the evening.

I think that I would have to say that there would again be a duplication of payment not properly authorized and that a councillor who has received payments on this basis has fallen afoul of the same technical problem which I have mentioned in the case of mileage. Therefore, I think that a similar procedure should be followed and that councillors should be asked to make a statement as to whether the cases in which one and one-half days are claimed involved evening meetings. If they did, for the reasons I have mentioned I think that no further action is required. If they did not, I think that the councillor should refund the payment for the second meeting. The comments which I have made with regard to the proposed procedure in connection with mileage would apply here as well.

4. Whether any problem arises with regard to the terminology of the resolution concerning wages and expenses.

The resolution quoted in the Department report refers to "wages" of $20.00 per day and "expenses" of $10.00 per day. In addition to this, allowances are paid for subsistence, lodging and mileage.

This resolution appears to have been passed so as to make it possible to obtain the benefit of a provision in the Income Tax Act under which an allowance for expenses incident to the discharge of the duties of a councillor is not to be included in income except to the extent that it exceeds one-half of what was paid as salary or remuneration. This is, I think, a not unusual practice and I do not think that I need to comment upon it as such.

It seems to me that this resolution, combined with the payment of what appear to be subsistence, lodging and mileage, gives an unfortunate appearance. It is difficult for me, with only the report before me, to see just what expenses are covered by the $10.00. That being so, I do not think that the $10.00 properly comes under Section 47 (3) or Section 146. It seems clear, however, that it was intended that this amount be paid at all events and that subsistence, lodging and mileage be in addition to it, and I think that whatever name it is called it does fall within Section 47 (2) of the Act as set forth a above.

While I think that Council would do well to give thought to the form of this resolution, it does seem to me to constitute an authority to pay the $10.00 per day which is in addition to and apart from the authority to pay subsistence, lodging and expenses, and is therefore sufficient to satisfy the provisions of the Municipal Government Act and to entitle councillors to payment in accordance with it. Therefore I do not see any need for anything further to be done with respect to these payments.

5. Whether Councillor Vowk was paid twice for meetings of the Health Unit Board.

I mentioned this point only to indicate that it seems to have been shown by the Departmental investigation to be without foundation.

I should mention in passing that there are several instances where honorariums were not claimed. In view of the strict view taken of a councillor's duties in this letter, I think that these missed honorariums should be paid if the councillors or committee members claim them.

The question arises as to what can be done to avoid procedural errors of the kinds dealt with in this letter. A municipal council is in a difficult position. Without being lawyers, they have to operate under very strict and very elaborate legal rules, not all of which are clear. No doubt they could insist on having a lawyer present at all deliberations of council and the School Committee, and other occasions when matters involving law are being dealt with. But I think that the ratepayers may well complain of the cost involved. I should further point out that I am not aware that the County becomes involved in legal difficulties more often than larger municipal bodies which do have lawyers in attendance, and indeed I think that the County's record would not be found to suffer by comparison. I think that all I can say is that Council should consider its procedures carefully and take legal advice where it seems desirable. This really is Council's practice anyway and all these circumstances will do is to reinforce that practice.

Now that this amount of thought has gone into your procedures with regard to expenses, perhaps you might wish to have me make some proposals as to procedures to be followed and specific resolutions to be adopted. Probably these could be made somewhat more precise."

This report was gone over and discussed item by item and Mr. Hurlburt answered questions pertaining thereto.

Discussions of matters pertaining to the Municipal Inspector's report and other matters relative to the investigation were entered into.

It was agreed that the report and recommendations of the Solicitor be accepted and each member of the Council and School Committee be requested to refund any duplication of mileage overpayment that they may have received.

Councillor Rudolph Zander left the meeting at this time.

Mr. Jack Mann of Edmonton was present at the meeting in connection with an application to lease a portion of road allowance adjacent to Block C, Plan 2664CL., Fallis.

Councillor George Mann excused himself from participating in discussions of this matter.

The following applications to lease portions of road allowance in this area were dealt with:

Mrs. Jessie Mann - application to lease a portion of road allowance adjacent to the east side of Block C, Plan 2664C.L., Fallis; Mr. and Mrs. K. W. McDonald - application to lease the road allowance adjacent to the south side of Lot 13, Block 1, Plan 1581M.C., Fallis; and Mr. and Mrs. W. D. Moffatt - application to lease the road allowance adjacent to the south side of Lot 14, Block 1, Plan 1581M.C., Fallis.

It was agreed that these applications be not accepted as the road allowances in question provide public access to the lake.

REPORT OF INVESTIGATION

The reports of investigation were further considered insofar as the period of time covered by the reports is concerned. The Municipal Inspector's Report dealt only with the period covering the year 1970 and consequently the resolution requesting refunding of duplicate mileage payments from members of Council and School Committee cover the year 1970 only.

It was agreed to request that Council and School Committee members be required to refund any duplicate mileage payments they may have received for 1971.

Councillor Robert A. Bailey left the meeting at this time.

Messrs. R. A. Rosborough and I. Norris-Jones, property owners at Jackfish Lake were present at the meeting in connection with the proposed boating restrictions for Jackfish Lake.

A petition bearing 188 signatures was presented which opposed the proposed restrictions but setting certain restrictions established by the recently formed Jackfish Lake Health and Safety Committee.

The representatives requested that Council accept their recommendations and advise the Department of Lands and Forests and Jackfish Lake resort operators to that effect.

It was agreed that this matter be tabled until the next meeting.

Mr. D. B. Gardener of R. R. No. 1 Winterburn and delegation were present at the meeting and presented a petition objecting to the proposed reconstruction of 118th avenue under the secondary highway program.

The delegation requested that an alternate route be considered to remove the secondary highway from the developed area along 118th avenue.

After considerable discussion, it was decided by both the delegation and Council that representations be made to the Department of Highways and Transport requesting relocation of this secondary highway as suggested by the delegation.

It was agreed that Council meet with Mr. E. M. Danchuk, Secondary Roads Engineer with a proposal requesting relocation of this secondary highway on the quarter section line, one-half miles south of 118th avenue.

Councillor Mann submitted a written report regarding developments pursuant to the County's request to have the Department of Water Resources do a survey of the drainage system in Section 18-53-5-5.

The report indicated that a physical inspection of the area was made by a committee consisting of Mr. Stapler from the Department of Water Resources, Mr. C. McMullen, Village of Seba Beach, Mr. Robert Pezzot, County Public Works Foreman and Councillor George Mann.

A detailed survey of the area is to be done by the Department of Water Resources and a report submitted to County Council.

Complaint of vehicles parking on the street adjacent to Block E, Plan 5095E.T., Fallis was received from Mr. S. A. Franklin of Edmonton. Councillor Mann reported having received a complaint from the above named to the effect that "No Parking" signs on the street adjacent to Block E Plan 5095E.T. under By-law are not being enforced.

It was agreed that this matter be referred to the Police Department for attention.

Interest Appears to Warrant Little Canadian Football

Minor Football will be played in Drayton Valley this fall. Sufficient interest has been shown to warrant a program at the Little Canadian level at least. Other categories, however must be considered further before a decision can be reached. Any age grouping above the Little Canadian age level presents problems in obtaining suitable competition.

Also the amount of preparatory work in relation to the very brief season must be seriously considered in planning a program at the Bantam or High School level.

Little Canadian Football has been played here for eleven years now and over that period of time the program has always been a popular one. The age grouping for this calibre of football is ten to twelve years. To be eligible a boy must have reached his tenth birthday by January 1, 1971 and weigh at least 80 pounds. He must not have reached his thirteenth birthday before the above date and the maximum weight limit for this league is 120 pounds. As in the past the U.C.L.A. Classification Index System will be used in the grading of the players and in the formation of the teams. We hope to have at least three teams in the Community Little Canadian League this year. The season, hopefully will run from September 8, to mid-October. During this time a maximum number of games will be scheduled. The regular season will be preceded by a period of conditioning and preparatory work.

Registrations for this program are now open and forms are available at the Recreation Office. All boys interested in this program are requested to register this week in order that we may proceed with the program without delay.

As a point of information here the Little Canadian Game is played on a minature field, 80 yards long by 40 yards wide. The goal posts are also reduced in size and the rules are changed to fit those conditions as well as the other specific requirements for this level of football.

An organizational meeting will be held at the Recreation Office on Thursday, August 19, 1971 at 8:00 p.m. for all those interested in the promotion of Minor Football. Plans for the season, the dimensions of the proposed program, coaching and officiating will be the key items on the agenda of this preparatory meeting. Coaches and officials are needed if this program is to go ahead with any measure of success. All interested persons please make a point of attending this meeting.

The Women's Institute Flower and Horticultural Show will be held this year in the Elk's community Hall on Wednesday, August 25th. There are thirty-six classes for flowers; twenty for vegetables and fruits; and (something new) four classes for field crops. Obtain your prize list by contacting any Women's Institute member. Mrs. Roy Burrows is President, Mrs. Glen Bowen Treasurer and Mr. Dudley Edmonds is Secretary. All exhibits must be in the hands of the directors by 11:15 a.m. The show will be open to the public from 2:30 p.m to 4:30 p.m. Admission is 50 cents. Children accompanied by a parent are admitted free. Please mark you calendars for August 25.

Congratulations to Mr. and Mrs. Ed Hutzel whose son, Joseph Bradford, arrived in an Edmonton Hospital on Friday. Both Mrs. Hutzel and son are doing well.

Mrs. Nick Urchyshyn will entertain in her home at 8:30 p.m. on Saturday, August 21, with a bridal shower for Miss Dianne Thompson who's marriage to Mr. Bernard Frost will be an event of late August. Mrs. Urchyshyn extends a hearty invitation to all Miss Thompson's friends.

It is a great relief to Mrs. Alfred Armstrong's many friends that she has responded to treatment and should be able to leave hospital in another two weeks. Mrs. Armstrong became ill while the family was holidaying in the United States.

Mr. and Mrs. Dan Bills had a fine camper holiday on Vancouver Island this summer. A relative took them salmon fishing and in the six times they were out they caught forty salmon.

Once again we are on the receiving end of massive doses of political propaganda. On looking back over the years it seems that although the names are different (in some cases) and a few new faces appear on the T.V. there is a sameness to the criticism of the opposing parties. If I may be permitted to misquote a famous line "Never before has so much been promised to so many by so few."

Mr. and Mrs. Keith Gavigan

United Church Setting For Recent Ceremony

On July 10th 1971 at 3:00 p.m. in the afternoon, the Drayton Valley United Church was the scene of a lovely double ring ceremony when Diana Sheila Kos eldest daughter of Mr. and Mrs. Art Kos of Moon Lake became the bride of Keith Alvin Gavigan fourth son of Mr. and Mrs. Pat Gavigan. Rev. Mrs. Poole officiated.

Given in marriage by her father the bride looked radiant in a traditional floor length gown of white bridal satin with nylon lace overlay and puffed sleeves with deep cuffs. The empire waistline was enhanced in the back by a large bow which held the long train.

Her shoulder length veil was held by white roses, lily of the valley and seed pearl headpiece.

She carried a bouquet of red roses and lily of the valley with rosebud streamers.

The bridesmaids, Miss Judy Romanchuk cousin of the bride and Miss Donna Gillespie cousin of the groom, and flower girl Cheryl Anne Kos sister of the bride, wore identical pant gowns of purple polyester crepe. Yellow rosebuds were scattered in their hair. They carried bouquets of yellow carnations with purple streamers and wore gold cross necklaces, a gift from the bride.

The bestmen were Morris Kos brother of the bride and Dwayne Laughlin friend of the groom. Ring bearer was Danny Gavigan, nephew of the groom.

For her daughter's wedding the bride's mother chose a powder blue dress with long puffed chiffon sleeves and silver accessories with apricot rose corsage.

The groom's mother wore a beige dress with brown accessories and apricot rose corsage.

A reception for 100 guests was held at the bride's home. Dancing was enjoyed with music by Kochansky orchestra.

The bride's table was centered with a three tiered wedding cake decorated with rosebuds and flanked by yellow candles and vases of yellow and pink garden flowers.

Mr. Ernie Kos, uncle of the bride acted as Master of Ceremonies and proposed the toast to the bride.

Open house was held the following day at the brides home where the couple opened many lovely gifts.

Guests gathered from Edmonton, Valleyview, Hinton, Wildwood, Berrymoor, Rocky Rapids, Evansburg and Drayton Valley. Both sets of grandparents attended the wedding.

Mr. and Mrs. Keith Gavigan will make their home in Drayton Valley where they are both employed.

TOWN OF DRAYTON VALLEY

WATER SHORTAGE NOTICE

The Town of Drayton Valley is experiencing some anxieties about the water supply and asks its residents to adhere to regulations listed below.

LAWN AND GARDEN WATERING HOURS

NORTH SIDE of 50 Avenue -- MONDAYS, WEDNESDAYS, FRIDAYS
Between 7:00 P.M. and 9:00 P.M. ONLY

SOUTH SIDE of 50th Avenue -- TUESDAYS, THURSDAYS, FRIDAYS
Between 7:00 P.M. and 9:00 P.M. ONLY

ALL THE TOWN -- SUNDAYS -- Between 7:00 P.M. and 9:00 P.M. ONLY

Rationing of water may be instituted by a Municipal Corporation when the necessity of same becomes apparent. Our water supply situation is now such that it is deemed necessary to institute the program of rationing as outlined above. Anyone contravening this rationing directive will be liable to prosecution.

The Mayor and Council are confident that the water users in Drayton Valley will react favourably to this emergency measure and co-operate completely.

GAINFORD NEWS

Mr. and Mrs. Gordon MacLeod had a niece of Mr. MacLeod's to visit this week, Mr. and Mrs. Rolly Wallick and three children from Oyen, Alberta. They were here for bingo on Wednesday, August 11th.

Bingo in Gainford is every second and fourth Wednesday of the month so next bingo, August 25th.

A granddaughter to Mrs. Strachan stopped to visit with Mr. and Mrs. D. Strachan. They were Dixey and husband Davey on their way home to Edmonton from Vancouver and Victoria, brought news to Mrs. Strachan from her family at the coast.

August 12th, Mrs. Agness Millar was guest of honor at a birthday supper with Mr. and Mrs. Strachan. Husband Jim and daughter Marcy were present and in the evening a brother and wife, Mr. and Mrs. Don Strachan from Spruce Grove came for tea and birthday cake to finish off a happy day.

At this time I will wish our store proprietor, Mrs. Eileen Lenz a happy birthday on August 14th.

August 19th Mr. and Mrs. Michael Greaney will be celebrating ten years of wedded bliss with four little boys and a little girl.

Mrs. Greaney and children were at Mayerthorpe for a few days this week visiting her mother, Mrs. MacDougall.

Mr. and Mrs. Harry Clarke will also be celebrating a wedding anniversary on August 19th, their 4th.

Mrs. Harry Clarke with her brother Mr. Ray Biffert and family recently went to Hinton to visit a sister, Mrs. Bertha Brown. They spent one day going to Miette Hot Springs for a swim and home the next day.

Larraine Biffert was with her aunt Mrs. Harry Clarke for this week.

Mr. and Mrs. Bud Lenz had her mother, Mrs. Ed Scrutton from Winnipeg, Manitoba to visit recently. They drove to Camrose to meet her.

Mr. and Mrs. H. McLachlan had two sisters of Mrs. McLachlan to visit last weekend. Mrs. Bernice McGladdery of Marsden, Saskatchewan; and Mr. and Mrs. Bob Forbes of Edmonton, Alberta. The sisters had not been together in one place for a number of years so really enjoyed the visit.

Mr. and Mrs. Jim Brown and Marilyn of Edmonton joined them on Sunday for a steak barbeque supper.

Herman and Edith Daurries of Edmonton who have recently bought a lot in Gainford are at Miette Hot Springs this week of August 9th.

The Mack Lyle family and Larry McEarcherne of Y district Sherwood Park are also at Miette Hot Springs.

The boys of Gainford, Fallis, Falkins ball team having reached the finals in the provincial tournament met their down fall on Saturday against South Edmonton and Sunday against Barrhead. Better luck next year boys. You'll have more muscles for the hits and longer legs for those runs.

Gainford playground area is getting some leveling and work done it by youths from the Parkland Recreation Centre so we hope to have skating this winter for our youngsters, and oldsters if they want to join the fun, and a good ball park by next summer.

Lauren Cornish, my granddaughter spent last Saturday with me helping to pick peas and raspberries. Annie Lawley was also home for the weekend. Saturday we had a surprise visit from Mrs. D. Cartwright of Viking - Mr. Armand Cartwright, Edmonton and Mr. Archie Omen of Toronto, Ontario. They were on their way to visit my mother, Mrs. Woodley in Wildwood.

Sunday, August 8th Mr. and Mrs. George Lawley attended the 50th wedding anniversary party in honor of Mr. and Mrs. Myron Cannard of New Westminster, B. C. The party was held at the home of a daughter, Mr. and Mrs. Ron Smith of Edmonton. They took Mrs. Annie Strachan, Mr. Lawley's sister along. All renewed acquaintances with friends from Westlock and Picardville area.

In the evening Mr. and Mrs. Lawley called in to visit Mr. and Mrs. A. E. Michael of Edmonton.

Mr. Leon Berry, brother to Mrs. Colin Thorburn stopped to visit on his way from Edson. He took the Thorburn boys Darryl, Barry and Stacey to Daysland for a holiday with relatives.

Mrs. Elsie Thorburn is painting and decorating the outside of the Boris Walaschuk residence.

Mrs. Janet Hauser and boys Bruce and Barry came to help me one morning this week by picking peas and raspberries.

Mrs. Helen Ursel; Mr. Clarence Ursel and Mrs. Betty Henk of California attended the wedding of Miss Cleo Hoffman of Stony Plain to Mr. Wilfred Schmitd of Edmonton. Mrs. Henk met many friends and relatives she hadn't seen for years. I am quite sure she told me, it was forty-nine years since she left Stony Plain.

Mrs. Edward Rozgo with daughter Robin and the boys Brian, Roger and Terry are off to Prince George and Fort Saint John to visit Edward who is working in that country.

we're realists

We don't go along with the "no deposit—no return" way of working. Not when it comes to money.

Returns are our business.

We know it takes money to make money.

There are several kinds of money.

The money you earn. It makes sense to demand a good return on it.

The money you spend. The less you pay for service charges, credit charges, interest—the more you have left to spend.

The money you keep. Realistically invested, it will make money for you.

The money you borrow. A Treasury Branch loan is economical.

It takes more than money to make money. It takes forethought, solid planning and experienced management.

Money doesn't look after itself. It needs professional care.

Talk to your Treasury Branch Manager, about the best care for your money. He's a realist.

Hunter Training Planned by F.G.A.

The Pembina Oilfield Fish and Game Association plans to hold a Hunter-Training Course on September 13th, 15th, 17th, 20th, 22nd and 24th at three hours per night. Applications are obtainable at The Sports Shop and must be completed and left, together with $1.00 registration fee.

Only the first 20 applicants will be accepted. Minimum age of entrant 14 years.

There will be no regular monthly meeting of the Pemina Oilfield Fish and Game Association during August. Meetings will commence again during September.

Couple Honored at Warburg Gathering

Mr. and Mrs. Jim Saunders of Carnwood were honored by the community on their 25th wedding anniversary at an open house in the Warburg Community Hall on Saturday, August 7th.

Mr. and Mrs. Saunders were married in the MacDougall Baptist Church in Edmonton on August 10th, 1946. They lived in Edmonton until July, 1949, when they moved to the farm at Carnwood where they still reside.

Guests enjoyed an evening of dancing highlighted by the presentation of a purse by M.C. Mr. Wm. Shipton to the couple who expressed their thanks to all present for the memorable evening.

Present for the occasion was the brides' attendent, Mrs. Rene Arsene of Lethbridge and best man, Mr. William Robinson of Devon. They joined the bride and groom at the head table cantred by a two-tier wedding cake flanked by silver tapers.

Out of town guests included: Mr. and Mrs. Victor Saunders and Edward; Mr. and Mrs. Dell Burr and family; Mr. and Mrs. Joe Sanders and family of Edmonton; Mr. and Mrs. Otto Kwast and family of Genesee; Mr. and Mrs. G. Arsene of Lethbridge; Mr. and Mrs. Wm. Robinson of Devon; Mr. and Mrs. G. Pendleton of Edmonton.

Mr. and Mrs. R. Kinnee and family of Tofield; Mr. and Mrs. Murry Woodman of Ardrosson; Mr. and Mrs. Gordon Colby of Edmonton; Mr. and Mrs. Reg. Knapp of Drayton Valley; Mr. and Mrs. Ron Smith of Drayton Valley; Mrs. Hilah Ayres of Mulhurst; Mr. and Mrs. Doug Young and family, Mr. and Mrs. Algot Dahlbeck and Darlene all of Calmar; Mr. and Mrs. Frank Grant of Alder Flats; and Ardy Walden of Mission City, B. C.

GUIDES ATTEND CAMP

Five girls, namely, Claurie Albert, Karla Combs, Sharon Lemermeyer, Collette Lambert and Wanda Anderson accompanies Mrs. H. Hammerlindl to a Girl Guide Camp held at Tangletrees, Silver Beach on Pigeon Lake.

Other guides came from Alder Flats, Winfield, Ma-Me-O Beach and Ramona. Other leaders were Mrs. Hayduk of Alder Flats, Mrs. Fisher and Mrs. Carruthers of Winfield.

The girls enjoyed swimming, handicrafts, hiking and living for five days in the great outdoors.

Another Company from Edmonton was camping there at the same time which added to the enjoyment of camp.

Guides will be starting again in September. Girls between the ages of 10 and 14 are all welcome.

BURTONSVILLE NEWS

Mr. and Mrs. Gene Walker of Edmonton have been visiting relatives in this district for the past week.

Emma Homme is back after a three-week holiday. She visited her daughter and family, Mr. and Mrs. Albert Osbak of St. Francis; her son and family, Mr. and Mrs. Mel Homme of Red Deer; and her daughter and family, Mr. and Mrs. Z. Petriko of Edmonton.

Mr. and Mrs. Horace Shepherd were Sunday visitors at the S. MacDougall's.

Adrienne Charlet is on her holiday and she is spending them with her parents, Mr. and Mrs. Adrian Charlet.

Mr. and Mrs. Don Elmore and family of Fort McMurry recently visited relatives in this area.

Lisa Ratke of Spruce Grove is staying with her aunt and uncle, Mr. and Mrs. C. Homme for a few days.

Mr. and Mrs. Jim Miller of Edmonton were Sunday visitors in the area.

Summer Project Coming to Close

The Opportunities for Youth Project, Know Your Neighbour, which has been active in this area during the summer is setting up a historical display in the new Drug Store. The general public is invited to view the display which will take place between August 21st and 28th. On the last two days, members of the project will be present to answer any questions. A booklet reviewing the History of Drayton Valley will be on sale at the same time.

LINDALE NEWS

Mrs. Beth Holmgren returned home from the hospital on Tuesday, August 3rd. A speedy recovery is wished Beth, from your many friends.

Get well wishes go out to Mrs. Sally Hemberg, who was moved from Drayton Valley Valley to an Edmonton Hospital, where she underwent surgery.

The weatherman was very co-operative in making the Golden Spur Gymkhana Clubs Rally Day, a most successful event. The grounds at Lindale, were a beehive of activity with the tents and trailers and horses of the clubs participating. A banquet and dance on Saturday evening, August 7th started the most enjoyable event.

Many friends from Lindale attended open house for Rose and Jim Saunders of Camwood, in honor of their twenty-fifth wedding anniversary, held in the Warburg Hall.

Residents in the Alex Lachance house for the past few days, Mr. and Mrs. Howard Nessel and family of eight children, ranging in age from eighteen to three years, returned to their home in St. Albert, over the weekend of August 8th. It was a shock to their friends to hear that Mr. Nessel had passed away on Monday, August 9th. Mr. Nessel is a brother of Emy Lachance. Sincere sympathy is extended to the family in their bereavement.

Candy Anderson returned home from her holiday of more than a month, with relatives in B. C. Accompanying her were her uncle, aunt and six cousins, who spent from Saturday to Thursday visiting in Lindale. On Wednesday they visited Al Oeming's Game Farm.

Visitors recently at the home of Mr. and Mrs. F. M. Bijou included Mrs. Lillian Flathers, one of her twin daughters, Barb and family, Mr. and Mrs. F. Bijou, and Mrs. Marguerite Hjeltman, all of Edmonton.

Mrs. Elna Gilespie and her seven children also visited at the home of Elna's parents, Mr. and Mrs. F. M. Bijou for a couple of days this week. Sonya Gillespie remained with her gandparents for a visit in Lindale, while Bertha is visiting her grandmother, Mrs. Selma Gillespie in Camwood.

Friends of Joe Beckton will be saddened to hear of his sudden passing away, at his home in Breton on Thursday night, August 12th. Joe lived in Lindale for many years.

PUBLIC NOTICE

WATER RESOURCES ACT

Notice is hereby given that the Town of Drayton Valley has filed an application and plans under provisions of The Water Resources Act to construct the necessary works to divert a maximum of 975 acre-feet of water per annum from North Saskatchewan River at a point on the Southwest quarter of section 14, Township 49, Range 7, West of the 5th Meridian for municipal purposes.

Any person having a bona fide interest in the matter may file objections with the Director of Water Resources, Department of The Environment, Milner Building, Edmonton on or before the 16th day of September, 1971

The Pentecostal Tabernacle
UNDENOMINATIONAL WEE COLLEGE

WEE COLLEGE is a very interesting Bible Kindergarten course, for 4 and 5 year-olds. It is a play-learning program. -- The children meet one morning a week during the Wee College year --

THURSDAY MORNINGS - 9:30 to 11:30 a.m.
From October to April

Interesting repetition is an important key to learning. Color association with a colored teaching Bible, properly colored toys, songs, charts and puppets help the children to learn the Bible parts -- Old Testament, New Testament, Books of Moses, Book of History, Books of Poetry, Major Prophets, Minor Prophets, Gospels, Book of History, Paul's Letters, General Letters, Book of Prophecy. Names for the Bible and how the Bible was written are also included in this part.

Eleven Bible verses are learned by means of flashcards, folderama, pictures, charts, songs, tokens and illustrated properly colored verse sheets. The verse sheets are to be placed in the child's home where the child will see them often. It is surprising how quickly these are learned.

Puppets, flannelgraph, large pictures mounted on the right colors, flashcards, songs, etc. are used to tell the Bible stories to illustrate basic doctrines -- The Bible, the Law God, the Trinity, God-Creator, Man and Sin, Birth and Life of Christ, Crucifixion and the Resurrection, Ascension, Second Coming, Holy Spirit, Healing and Heaven.

There is more, too. If you send your child, you will soon see your child grow more interested in the Bible.

THE PRINCIPLES OF SOCIAL CREDIT

1. The Individual is the most important element in society.
2. The major function of government is to bring the people what the people want in the management of their affairs.
3. Security alone is not enough. We must have security with freedom.
4. That which is physically possible and desirable must be made financially possible.

AUGUST 3rd. - PREMIER STROM UNVEILS SOCIAL CREDIT PARTY PLATFORM

Some Important points are:-

1. Preservation of the Family Farm. Farm Purchase Board Funds doubled to assist in this.
2. Vigorous Agricultural Produce Marketing program to be continued and expanded.
3. Province to pay 1/4 of crop insurance premiums and crop insurance to be available throughout the province.
4. $1,000.00 grant for first time home purchase, including farm homes and mobile homes.
5. $10.00 per person capital grant for recreation facilities throughout the province.
6. Medicare premiums reduced to $1.00 for pensioners receiving supplementary pensions.
7. Expansion of Senior Citizen Home accomodation throughout the Province.
8. Financial Assistance to develop Industrial Parks and Industrial sites in smaller centres.
9. Loans and grants to assist Industrial Development in smaller centres.
10. Continued Development of Grid Road System.
11. Assistance to city transportation needs.
12. Major new park and outdoor recreation areas.
13. Stimulate cultural development. 1973 to be the Year of the Arts.
14. Day care centres and educational assistance for pre-school children.
15. Toll free telephone service re government services & facilities.
16. A policy of full employment in Alberta

LIBRARY NEWS

NEW BOOKS THIS WEEK

For young readers there are several books that will be of interest. The latest Carolyn Keene; a new Emilie Loring; a history of surgery; yet another book on moon explorations; a book on transportation from skin sledges to space capsules and a book on dramatized folk tales.

For adults: "Run Me a River" by Janice Holt Giles is the story of a river boat during the American Civil War operating on the Reen River in Kentucky. A book with lots of action. "A November Wind" is a novel of suspense by a new writer, Paul Geddes, whose books promise to have great appeal. For a different type of mystery book try "A November Wind" Matthew Jackson was half black and half white. For this reason Diane Cilento has named her book which was Jackson as the central figure "Hybrid". The authoress takes pains to assure us that her characters are all fictional. Jerome Weidman's books have been popular and it is predicted that "Fourth Street East" written last year but new to our library will be well received.

Victoria Holt's latest "The Shadow of the Lynx" is here. This is Miss Holt's tenth novel since "Mistress of Mellyn" was published in 1962. "The Shadow of the Lynx" ranges from gold rush of Australia to a quiet English castle. Plenty of action.

"The Bushwhacker Piano" by Thomas McGaune has excellent reviews by persons well qualified to express an opinion. Perhaps it is just as well that tastes differ. David Frost's book "The Americans" gives his T.V. interview word for word with dozens of American personalities among whom are Judge Samuel Leibowitz Truman Capote, Orson Welles, Tennessee Williams, Louis Armstrong, Helen Hayes, Johnny Carson, Ralph Nader, Barry Goldwater and many others.

NEWS NOTES FROM THE D.A.

CHECK THOSE RAPESEED CROPS

Rapeseed producers should check their crops for damage by the bertha armyworm. We have investigated several fields in recent days and observed heavy to light infestation. The moth lays eggs on the rape plant in July. The young caterpillars are light green and seen only on very close examination. Towards August they change markedly in appearance. -- NOW, the black forms of the maturing caterpillars are readily seen feeding on the pods and stems. They may cause heavy losses in yield in a short time by chewing into the pods and sometimes cutting the stems.

Damage varies to some extent with stage of maturity and the year. Prompt action is necessary to minimize damage.

Although the cost of control is high, the investment is worth it in crops with a heavy potential yield.

"Why does it take 3 of you guys to change a light bulb?" asked the foreman. -- "Well," retorted the assistant, "Jim holds the bulb while Frank and I turn the ladder."
